PWR Solar 10W allows you to explore the great outdoors with an endless supply of clean renewable energy. You can charge all USB-A connected devices directly or charge an external power bank to store energy for later use (PWR Solar does not have an internal battery).

All your answers will be found in the user manual. Solar power banks are always able to be charged by two power sources. The amount of solar panels your solar power bank has is a good indicator of how efficient it will be charging in the sun. Let's say it only has one solar panel on the face of the power bank.
