It does not. Ancient Disruptor"s aura, among other things, causes a % of all damage enemies do to also destroy energy. This happens regardless of damage reduction (a 3k armor Valkyr or maximized Baruuk loses as much energy as an unmodded banshee), and is only stopped by effects that make something other than the Warframe take damage (mostly Rhino Skin).

The technology could facilitate the use of renewable energy sources such as solar, wind, and tidal power by allowing energy networks to remain stable despite fluctuations in renewable energy supply.
