The APC BR1500G Backup Battery is pretty large in terms of size. It has five battery backup and surge-protected outlets and another set of five outlets with only surge protection, for a total of ten. However, there are no USB ports to plug in your phone directly. There's also a small backlit LCD that shows plenty of information at a glance.

Best solar batteries for backup power. Backup power for grid outages is traditionally one of the most desired features of a solar battery. While most batteries have this feature, a few stand above the rest in 2024. Franklin Home Power. Quick facts: AC-coupled; Lithium Iron Phosphate (LFP) Solar self-consumption, time-of-use, and backup capable ...
