In power systems, the fuzzy system helps to increase the voltage profile of the power system. It permits to convert the voltage deviation and comparing variables into fuzzy system notions. Fuzzy logic backs to obtain reliable, constant, and clear output because normally, power system investigation employs approximate values and assumptions [37 ...

WELCOME TO SRI BALAJI POWER SYSTEMS, Established in 1996, in Bangalore. Are pioneers in SALES, HIRING, SERVICE & SPARES of Diesel Gen sets from 2 KVA TO 1010 KVA,& Gas powered DG sets upto 125 KVA, MD of the Company is qualified mechanical engineer having wide knowledge in electrical & mechanical equipments having more than 3 decades of ...
