

Clonton ties to solar companies

Will Solar Contractors be closed in 2023?

In conclusion, while the closure of several solar contractors in 2023 poses immediate challenges, the underlying strength and potential of the solar industry remain intact. Homeowners affected by these closures have avenues for support, and the long-term outlook for solar energy continues to be bright and promising.

What happened to Solyndra solar?

FREMONT, CA - MAY 31: Republican presidential candidate and former Massachusetts Gov. Mitt Romney ... [+] speaks during news conference in front the shuttered Solyndra solar power company's manufacturing facility May 31, 2012 in Fremont, California. The company filed for bankruptcy in 2011 after receiving \$535 million in federal loan money.

How did grassroots activists stop solar projects in Ralston?

Many grassroots activists today credit their success in stopping solar projects to Ralston. One of them is Kathy Webb. Webb says she learned that a company wanted to clear a forest for a solar plant near her home in Rowan County, N.C., days before local officials planned to vote.

Where can you complain about a solar company?

Part of the reason is that many customers who feel victimized don't know where to turn. "There's not really one place for consumers to complain to," says Jenifer Bosco, an attorney with the National Consumer Law Center. "If they do have a problem with solar companies, they can complain to the Federal Trade Commission.

Why is Minnesota suing a solar loan company?

Minnesota is suing firms who finance solar power systems for homes. The case alleges that four lending companies deceived customers with hidden, upfront fees in exchange for lower interest rates. "It's misleading people about the price of the system and misleading people about the price of financing," says Assistant Attorney General Welle.

Are customer complaints a problem in the solar industry?

Customer complaints against the country's residential rooftop solar industry have increased dramatically in recent years. One-star ratings on Solar Reviews increased more than 1,000% since 2018. Across the country, prosecutors are investigating high-pressure sales tactics and misleading financing arrangements.
