

Cobra 5 power brush system

ABOUT COBRA MOTORS. Cobra Motors and Speed Controllers were designed based on input and feedback from Innov8tive Designs CEO, Lucien Miller. There was a need in the market for a high-quality, well built, robust motor that could withstand the rigors of everyday use by Sport Flyers.

CAUTION: To clean duct board ducts, or older flex duct systems, the COBRA VI Brush system should be used at a lower speeds (1 or 2) with caution as its aggressive cleaning action may damage these delicate ducts. Internally insulated ducts, brittle flex ducts and fraying duct board ducts should NOT be cleaned with a power brush. 10.

I Have an OMC Cobra 5.7 setup and I believe it has a power steering system. I would like to service my steering system so that it is smooth and responsive. I was unable to find any info on this system and was hoping to get some advice from you guys. I looked back at the steering cilinder and it looks really worn, and the seals may be shot as well.
