Following WotC's announcement of their plans to introduce a power bracket system to rate EDH cards, a survey on Reddit received more than 225,000 votes sorting the 150 most popular Commander cards into the four proposed brackets. The survey was originally posted on October 3rd, 2024, just three days after WotC announced that, in partnership with the ...

In just in the same way that Indian maharajahs in the Princely states were allowed a nominal independence, but the real power rested with the British resident stationed to monitor the maharajah, Hitler emulated this practice with the Protectorate of Bohemia-Moravia as the German media quite explicitly compared the relationship between the Reich ...

I didn't want to release this so early, but the manual placement of zones was kind of completely broken, had to fix that ASAP because being able to do his own mini-campaign was a main feature of the system. But hey, at least you can play with the new persistent XP system and the abilities unlock now ;). See the changelog if you want more infos.

After the drama surrounding the recent commander bans, the Commander Rules Committee is no more and Wizards of the Coast have taken the reins of EDH. Soon after taking over WOTC released an article (On The Future Of Commander) where they briefly discussed, well, the future of Commander. And they outlined a new "power bracket system" for ...
