The blower just quitted on me. It made that high pitched weird whine again and then everything became silence. The battery is good but the blower is officially RIP. Update: March 29, 2016 I bought another new one from the Amazon "DEWALT DCBL790M1 40V MAX 4.0 Ah Lithium Ion XR Brushless Blower" for \$249.

One way to revive a dead Dewalt battery is to jumpstart it. You will need a fully charged battery to use as the source of power for the jumpstart. Here are the steps to follow: Take the dead battery out of your tool and set it aside. Take the fully charged battery and insert it into the tool in place of the dead battery.
