Why did freedom solar install a Tesla Powerwall?

Having gone without power for several hours each day during the rolling blackouts during the great ice storm of 2021, I contracted with Freedom Solar in the fall of 2021 for a solar panel system with the Tesla Powerwall for my Sun City Texas home. System was installed in the spring of 2022 just in time for the rolling blackouts that summer brought.

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.
