GE and GE Renewable Energy (soon to be Vernova) looks very slick, appealing, and secure on the surface, but the reality is anything but. Despite talk of inclusiveness and the potential of a career at GE, layoffs are a regular occurrence (per my more experienced team members, not even including the recent round) so job security is very tenuous ...

GE and GE Renewable Energy (soon to be Vernova) looks very slick, appealing, and secure on the surface, but the reality is anything but. Despite talk of inclusiveness and the potential of a career at GE, layoffs are a regular occurrence (per my more experienced team members, not even including the recent round) so job security is very tenuous.
