

Lincoln electric

Will Lincoln's 'Star' be an electric crossover?

The Star is shaping up to be a powerful and quick electric crossover. Lincoln hasn't revealed what propulsion system will power it, but we think it could use a similar setup to the Ford Mustang Mach E's. That would mean dual electric motors and a range of battery sizes from 75.7-kWh to 98.8-kWh and up to 459-hp and standard all-wheel drive.

Does Lincoln Electric have a fast electric car charging station?

[9]In December 2023, Lincoln Electric unveiled the Velion DCfast electric vehicle charging station. A display unit was shown at CES 2024 and featured NACS and CCS1 charging plugs, along with a touchscreen user interface developed using Qt.

Does Lincoln Way have a mobile app?

Lincoln Way App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply. See our current collection of hybrid electric vehicles, including the Corsair[®]; Grand Touring plug-in hybrid electric vehicle (PHEV) that increase power and performance with elegance.
