Saltbae Capital Corp., formerly CellCube Energy Storage Systems Inc., is a Canada-based company. The Company's acquisition of the assets of Gildemeister Energy Storage GmbH has transformed the Company and its subsidiary, Enerox GmbH, into an integrated resource and energy storage company.

Tesla may be known for its high-end vehicles, including its namesake electric cars. But it comes as the first energy storage stock on this list. Tesla is one of the biggest battery manufacturers globally - which may come as a bit of a surprise until you remember all those cars need batteries.. Tesla relies on solar power to provide electricity to its many production facilities.

Oversold stocks often rebound quickly once the panic subsides and cooler heads prevail. As the RSI rises above 30, more investors recognize the stock as undervalued and start buying again. The rebound can be swift, so oversold stocks offer the potential for solid short-term gains. However, there is also a chance the stock continues declining ...
