

Power rack with pulley system

Perform tricep pushdowns, lat pulldowns, low rows and more using this portable and inexpensive Cable Pulley. With an unbelievable 440lb weight plate capacity, this cable pulley can be anchored to any power rack or stand-alone pull-up bar and tucked away when not in use. If you don't have the space or budget for a full Cable Machine, this is the solution.

The PLM03 combines a full rack, cable crossover system, multi-grip pull-up bar, and 360° landmine into one trainer. This means substantial savings compared to purchasing each piece of equipment individually -- all within the footprint of a single ...

Our floor standing cable pulley machine can be attached to a suitable wall or bolted directly to the Mirafit M3 Power Rack. With 17 adjustment levels and dual pulleys it allows a wide range of cable exercises to be performed with minimum footprint ... Dual pulley system allows a wide range of cable based exercises to be performed Adjustable ...

Add cable exercises to that stale routine without breaking the bank or crowding your stall. The PRx Prime Pulley System attaches to any rack's pull-up bar. The PRx Elite Low Pulley works with racks that have 5/8" or larger holes. Add it to your PRx High Pulley to bring even more versatility to your toolbox.

The Tricep and Lat Pulley System is a bolt-on pulley attachment designed to create a dynamic pulley system on your Short or Tall T-3 Series Power Rack. This system mounts in-between the uprights of your power rack and features two rack-mounted pulley attachments, 118-inch cable, two carabiners, and all the assembly hardware needed.
