The Go Power! (is that a Clarkson quote I wonder?) 1000 watt pure sine wave inverter is generally more expensive than any of the competition, being above the 300 dollar mark. But, it seems it's performance, reliability and durability is far above par. That makes the higher price tag fair in my book.

Samlex power inverters are some of the best-loved pure sine wave inverters on the market, and the same goes for their PST-600-12. This model has two GFCI-protected AC output sockets, and comes with both battery clamps and a cigarette lighter plug-in wire, giving you a few choices for input (especially handy for use when driving - say for your RV or trailer).
