Will San Diego pause applications for future battery energy storage projects?

Wednesday's motion also proposed issuing a pause on any new applications for future battery projects until standards are adopted. The San Diego County Board of Supervisors has directed staff to establish standards for approving future battery energy storage projects in the unincorporated areas of the county. (Rob Nikolewski/San Diego Union-Tribune)

How do I contact San Diego's Battery energy storage systems project?

General Inquiries: Planning & Development Services PDS.LongRangePlanning@sdcounty.ca.gov |(858) 505-6677 Learn more about the County of San Diego's Battery Energy Storage Systems Project.

What is the Seguro energy storage project?

An aerial rendering of the proposed Seguro Energy Storage Project that Fortune 500 company AES wants to build in Eden Valley, between San Marcos and Escondido. The project would be built on a 22.5-acre plot of land and store enough batteries to power an estimated 240,000 homes for four hours. (AES)

What are energy storage projects?

Energy storage projects support grid reliability and the integration of more clean energy into the electric grid. Enables the California Independent System Operator (CAISO) to dispatch energy from our batteries at any time to help balance supply and demand on the statewide grid.
