

However, the nation's abundant renewable energy resources, such as solar, wind, and hydropower, present a unique opportunity to transform its energy market and pave the way for sustainable development. One of the primary reasons for São Tomé and Príncipe's reliance on fossil fuels is the lack of a robust energy infrastructure.

O Energy Bank, instituição financeira bancária de origem nigeriana, mas com operações em São Tomé e Príncipe, deixa de operar no mercado bancário são-tomense na sequência de uma corrosão dos fundos próprios e várias quebras no seu desempenho ao longo dos últimos anos que forçou a retirada da licença pelo regulador bancário do país.
