The Goal Zero Nomad 10 is our favorite ultralight solar charger for backpacking. It weighs in at just 1 lb 1.6 oz total. A compact, foldable design complements this lightweight construction. Fold open for a larger solar surface area or fold closed to stash in your pack. A weatherproof outer layer helps the Nomad 10 excel in lackluster conditions.

An elderly person, teenager, or dad with three kids at the heel can grab a 12-volt solar car battery charger and put it to work much easier than a standard electric charger. You don't have to figure out amperage and voltage as you do with wall socket chargers. Instead, you just use the charger wherever you are and get going.
