As of September 2024, the average solar panel system costs \$2.66/W including installation in Doylestown, PA. For a 5 kW installation, this comes out to about \$13,309 before incentives, though prices range from \$11,313 to \$15,305. After the federal tax credit, the average price drops by 30%. Average price of a 5 kW solar panel installation in ...

The average cost to install solar panels is around \$26,600, and most homeowners pay between \$4,500 and \$53,000. Keep in mind that these prices don't consider the federal investment tax credit (ITC), which can effectively reduce those costs by up to 30%.

The company also sees winning the bid for a local town solar project as another kind of award. West Rockhill Township in Bucks County signed a contract recently with Exact Solar to design and install a ground mounted solar array. The 70 MW system will produce an estimated 90,000 kWh of energy per year.
