

Solar panel companies near 98332

How much do solar panels cost in Washington?

Solar panels cost an average of \$2.85 per watt in Washington. Your location and energy needs will dictate the total kilowatts necessary, but systems in the range of 5 kW to 10 kW are average in Washington. This puts the average total system cost in Washington at \$14,250 to \$28,500 before incentives are applied.

How do I find a good solar company in Seattle?

Seek out Seattle solar companies with a minimum of 3.5 out of 5 stars on Google Reviews and similar customer review platforms. The company should also have a respectable rating on Better Business Bureau (BBB). Looking at previous customer testimonials can give insight into other homeowners' experiences dealing with the solar company.

Why should you hire a solar panel installation company in Washington?

Hiring a solar panel installation company in Washington offers several advantages over a DIY approach. Professional installers bring expertise, precision and knowledge of local regulations, ensuring a safe and efficient setup. Here are the top reasons to consider professional installation:

How can I reduce the cost of solar panel installation in Washington?

One of the most effective ways to reduce the cost of solar panel installation in Washington is through the federal solar tax credit. This program enables homeowners to receive a tax credit of 30% of the total cost of solar panel installation, including installation fees.

Are solar panels tax deductible in Washington State?

Approved through 2029, there is a sales tax exemption for solar panels purchased in Washington state. In other circumstances, sales tax adds about 6% to the purchase price of something--so foregoing this expense is helpful. How Much Do Solar Panels Cost in Washington? Solar panels cost an average of \$2.85 per watt in Washington.

What solar incentives are available in Washington?

Thankfully, there are some beneficial solar incentives available to homeowners in Washington. One of the most effective ways to reduce the cost of solar panel installation in Washington is through the federal solar tax credit.
